SKIN

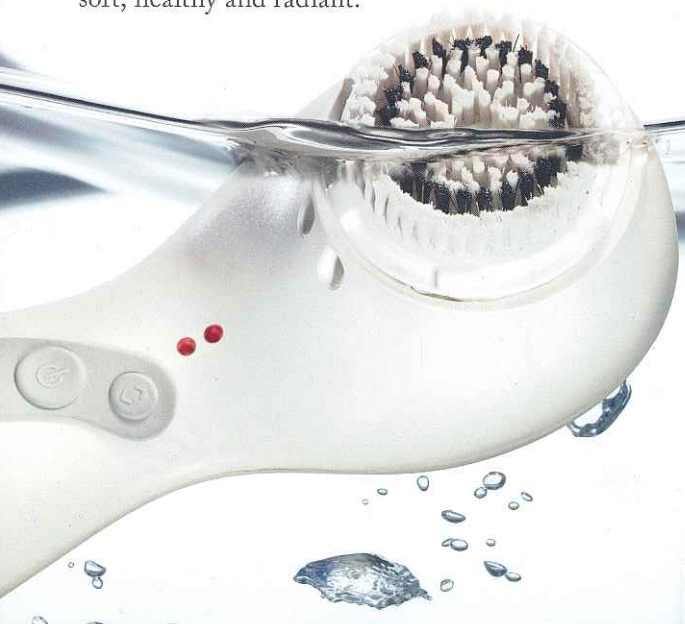

Cleansing so thorough, it must be sonic

Sonic skin cleansing

From the creators of the Sonicare® toothbrush comes Clarisonic® skin care. Sonic technology first changed the way we clean our teeth, and it's now changing the way we cleanse our skin. Clarisonic is so gentle and effective, it is used in practice by leading dermatologists, spas and aestheticians.

Why Clarisonic?

Clarisonic's soft, gentle brush oscillates back and forth more than 300 times per second. It cleanses so well that products are better absorbed. Skin is softer. Oily areas and dry patches are reduced. And pores appear smaller. In fact, the research results are impressive. Clarisonic is proven to remove 6 times more makeup and 2 times more dirt and oil than manual cleansing. Skin is left soft, healthy and radiant.

Get the most out of your favorite products

Using Clarisonic as a part of your daily cleansing ritual prepares your skin to better absorb skin care products. A recent study showed 61% better absorption of vitamin C.

Gentle enough for all skin types

Clarisonic effectively cleans without abrasion or harsh chemicals, making it remarkably gentle for all skin types.* The micro-massage action works deeply to unclog pores, sweeping away impurities for healthier, softer, younger-looking skin.

Clarisonic is gentle enough for use twice a day.

Fits into your daily skin care ritual

Clarisonic is waterproof, rechargeable and customizable. You can use it in the shower, tub or at the sink.

Customize Clarisonic to your specific skin type with multiple brush heads, cleansers and speeds.

Try Clarisonic risk-free

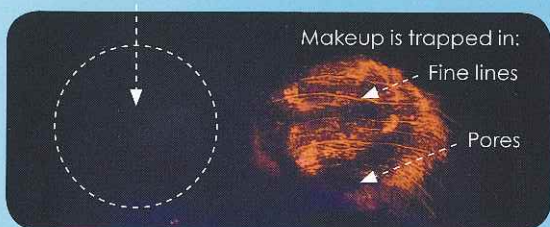

Thousands of leading skin care professionals and spas use and recommend Clarisonic.

We're so sure you'll love it that we offer a money-back guarantee, plus a two-year product warranty.

Clarisonic removes >6 times more makeup in fluorescent makeup removal study

CLARISONIC CLEANSING

CLEANSING BY HAND

Reduces the appearance of fine lines and wrinkles (16 weeks)

Gentle enough to cleanse skin with rosacea (8 weeks)

Using Clarisonic as part of a skin care regimen, patients reported improvement in firmness, tightness, elasticity, appearance of skin health and evenness of skin tone. They also reported improvement over manual cleansing in the appearance of fine lines and wrinkles, softness and pore size.

Experience a Clarisonic clean

- Thousands of leading skin care professionals and spas use and recommend Clarisonic
- Prepares your skin for optimal product absorption
- Gentle enough to use twice daily
- The essential first step to smoother, softer, younger-looking skin
