

## Recovery Kit

*Magnifies the improvements in tone, texture, and anti-aging benefits produced by ablative procedures.*

A personalized solution in one easy-to-use kit, Omni has combined Core Recovery Serum with 4 of the best at-home products for follow-up care after ablative procedures. In addition to Omni's patented growth factor products, we are proud to have partnered with biO2 Cosmeceuticals and have exclusive use of its Amino-Plex<sup>®</sup>, one of the most studied groups of amino acids in the form of a gentle cooling spray. This kit also contains a gentle cleanser, an occlusive balm for post-procedure protection, and a moisturizing boost recovery mask.

### BENEFITS

- Significantly reduces inflammation and dryness
- Encourages rapid recovery
- Provides cool, refreshing relief
- Greatly reduces downtime

*Can be used post laser and micro-needling.*
